XI & XII SCIENCE
IIT-JEE/MT-CET MEDICAL

Why ? Poojari's Institute of Science

Our 18 years of experience, thousands of selections in engineering and medical entrance exams, have made Poojari's institute a household brand. Poojari's Institute is one of the fastest growing JEE/MT-CET brand in your location, with a will to provide qualitative, effective and innovative education for engineering and medical.

Our objective is to prepare the students for Boards and foundation level competitive exams by imparting the meticulously designed quality coaching.

WE PROVIDE

- 1) **Practical laboratory :**
According to Maharashtra HSC board 110 marks are allotted for practicals out of 600 for subjects Phy, Chem, Bio, Maths .
- 2) **Comfortable Classrooms full Air-conditioned with CCTV security**
- 3) **Projectors for digital learning in every branches**
- 4) **Eminent staff from reputed degree colleges**
- 5) **Printed notes prepared by experienced professors**
- 6) **More and more revision lectures to clear the concepts**
- 7) **Doubt solving sessions (DSS):** If the students who attend the lectures have particular doubts or barriers in the concepts being thought so it is very important to diffuse those barriers by attending DSS
- 8) **Students are psychologically boosted and counseling is done to overcome their inability in exams**
- 9) **If students performing well in exams conducted in classes are promoted in FLB (fast learners batches)**

FAQ (Frequently Asked Question by Parents)

1. What is JEE & MT-CET ?

JEE (joint Entrance Examination) is an entrance examination to get admission to all Engineering Colleges in India. In order to avoid multiple exams appeared by a student, the Central Government has proposed this one examination to get admission from academic year.

The JEE Will have 2 papers

- **JEE Main** : Reading Comprehension, Critical Thinking & Logical Reasoning in PCM (Physics, Chemistry, Maths) for 360 Marks.
- **JEE Advance** : Problem Solving ability in PCM (Marks Depends on the Academic Exam)

MT-CET (Maharashtra State Common Entrance Test) is entrance examination to get admission in medical colleges in Maharashtra.

MT-CET is Conducted on 3 subjects PCB (Physics, Chemistry, Biology) Marks Allotted 720.

2. What About tests ?

Tests are the major feature of our coaching programme. During Std.XI, there will be a total of 125 hours of test writing and during Std. Xii, there will be a total of 225 hours of test writing covering partial chapter-wise tests, combination of chapters tests as well as 3 sets of full syllabus prelim tests in each subject, based on the lines of HSC Board Exams.

For **MT-CET** or **JEE-MAIN** in each subject approximately 20 chapters-wise, 24 combination of chapters and 15 full syllabus tests similar to final MT-CET or JEE-MAIN will be held.

3. Will there be any revision lectures ?

Yes. At the end of the course, before the board Exams for Std. XII and also before the final Entrance Exams, there will be few revision lectures held to clear off last minute doubts and to discuss general mistakes made by students in the tests.

4. What about Counselling ?

We have appointed professional Counsellors on panel to assist in study methods and strategies and other problems related to academics. Counselling for career and Professional Courses is done after HSC and other exam results.
